

WCTI
WORKERS' COMPENSATION
TRUST OF ILLINOIS

Why WCTI

The following are just a few reasons why you would want to place your Illinois manufacturing clients with WCTI:

Best of the Best

WCTI only offers a quote to stable manufacturing companies that take a proactive approach to safety and present low loss ratios. As an approved agent for WCTI, your clients will be part of the "best of the best".

On-Line Access

As an approved agent, you will have on-line access to all of your WCTI clients. This information will not only provide you with paid and reserve amounts for each claim but also log notes regarding conversations with the injured employee, attorneys, doctors and an anticipated action plan for the claim.

Ease of Renewal

At renewal time, WCTI will request all of the information from your client and will notify when the quote is complete and ready to be delivered.

Quarterly Training

Agents are invited and encouraged to attend quarterly training sessions and the WCTI Annual Membership meeting.

Quarterly Loss Control

Your client will receive a minimum of quarterly loss control and safety training/meetings from our professional risk management consultants. You will be copied on all correspondence.

Referrals

Referrals are requested from WCTI members on a regular basis. Any referrals received from your clients will be passed on to you for follow up.

Stable Rates

WCTI will provide your client with competitive, stable rates year after year.

THE WORK COMP SOLUTION FOR SAFETY DRIVEN COMPANIES.
